Incubation Partners:

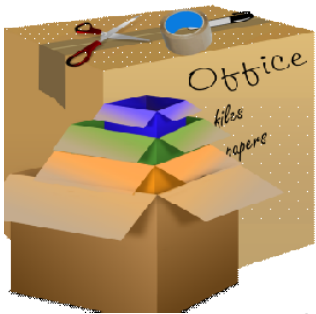

The struggle with medicinal adherence was used to portray the pains of old age in this 2019 release. Can you name the movie?

GOOD BYE

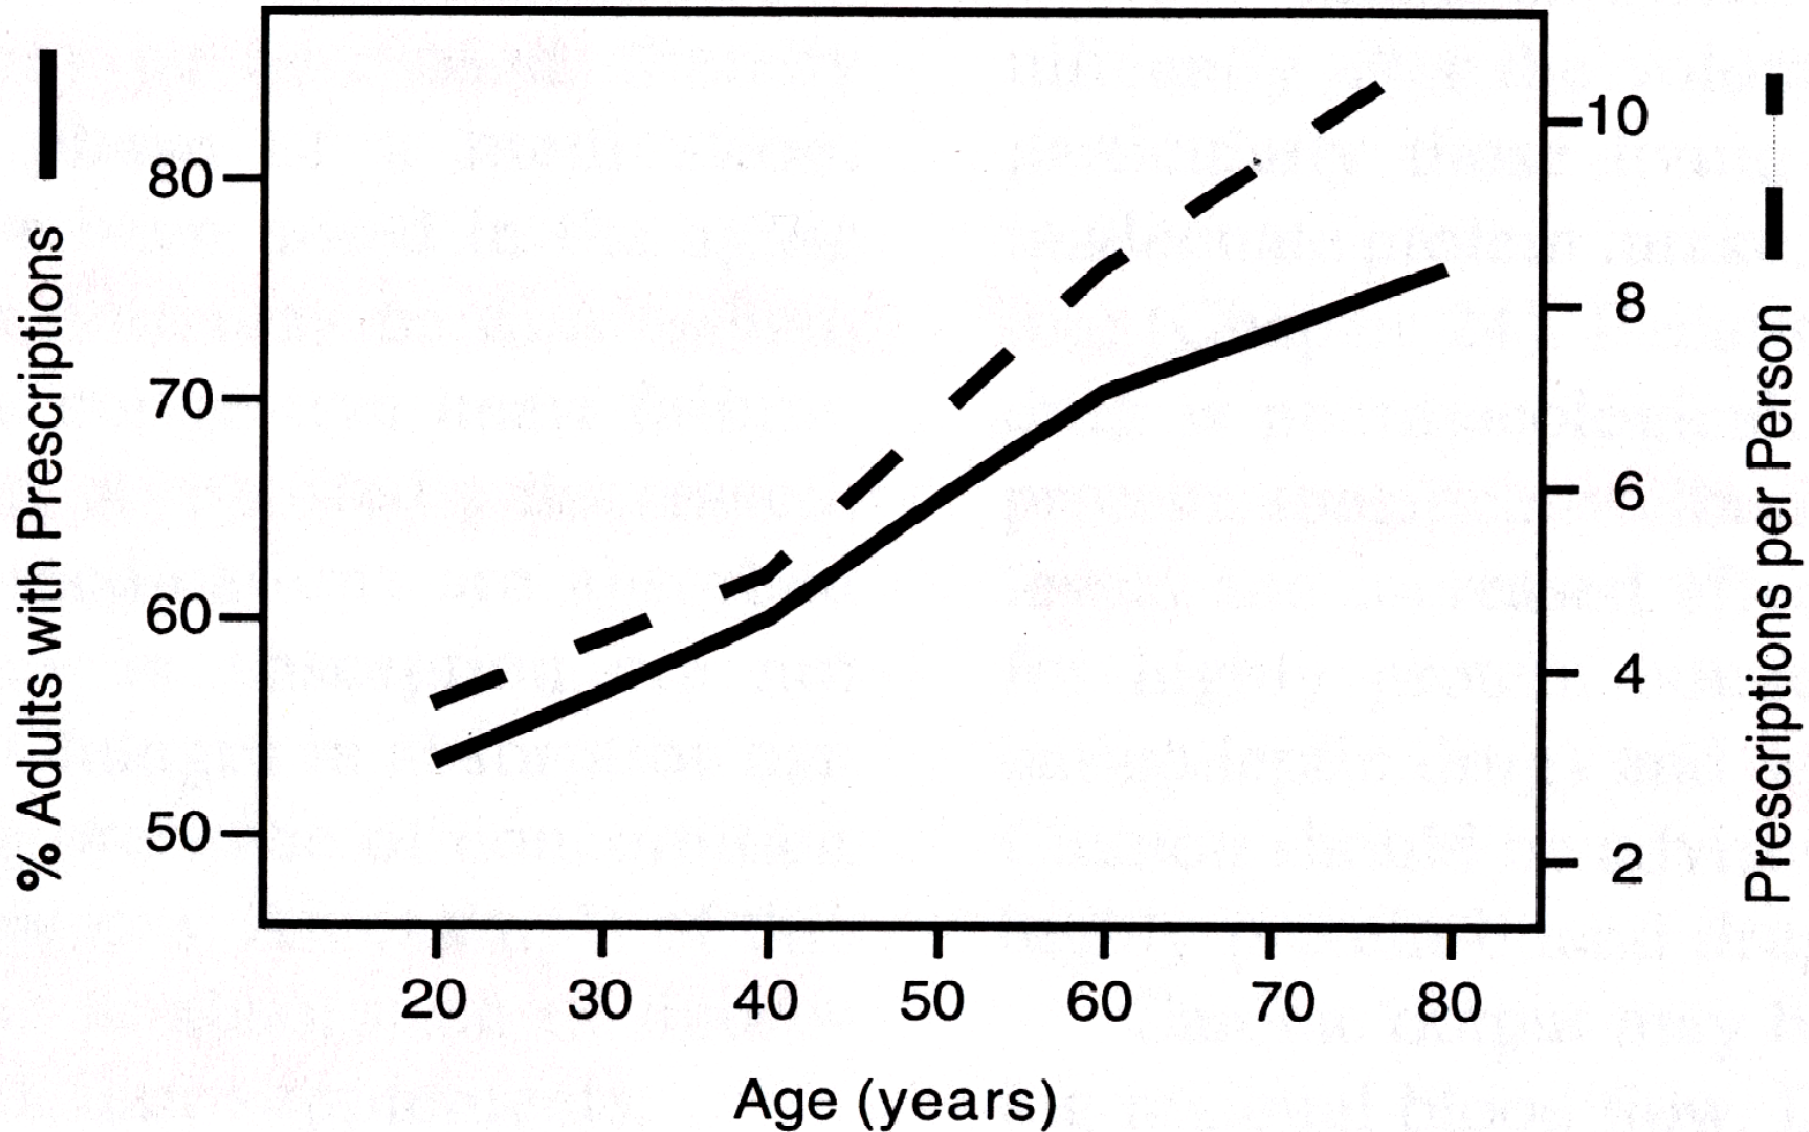

Don't forget

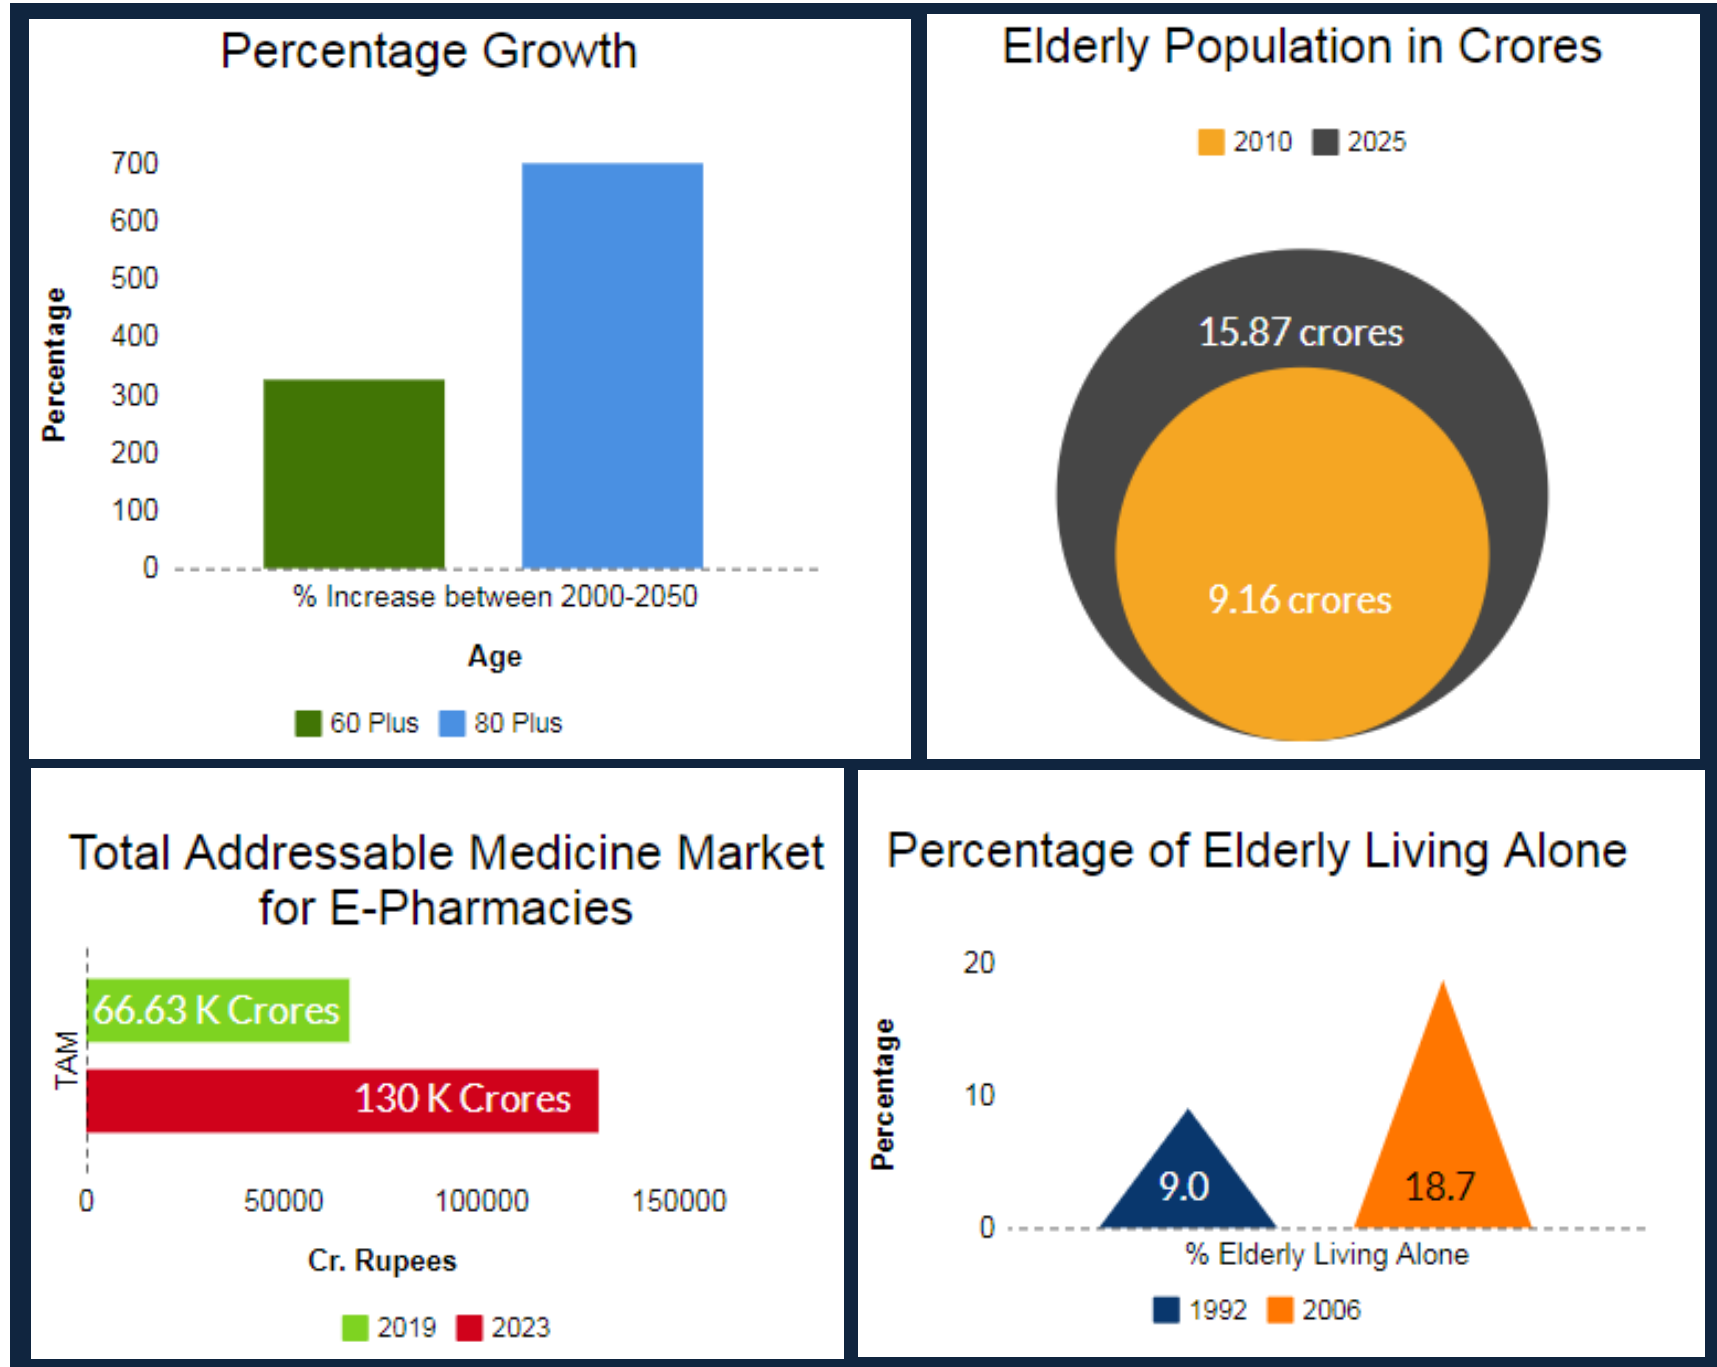

Age → Co-Morbidity → Polypharmacy

The Number Game...

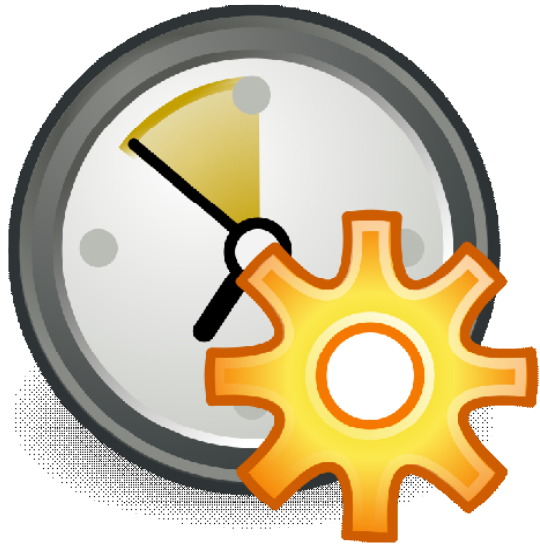

**Do you find it
difficult
to remember
when to
take your
medicine?**

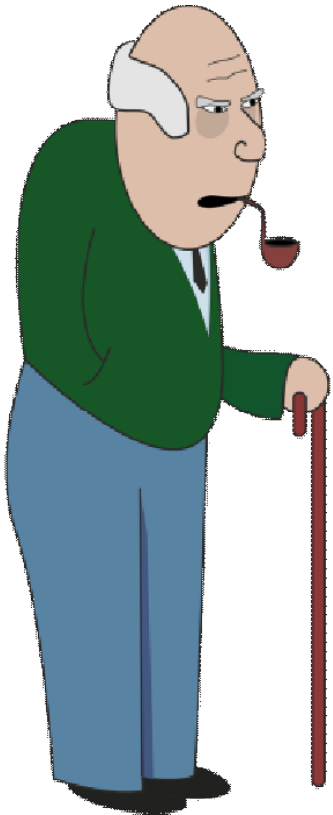

**Is regularly
maintaining and
replenishing
your stock of
pills a task for
you?**

Do you know older or terminally ill people who follow a complex schedule for consuming the drugs?

**Do you feel that
hired-help is
not very
effective in this
case?**
