7th Edition of **HEALTH TECH** 2024

**INNOVATIONS AND DISRUPTIONS
IN HEALTHCARE AND
BIO TECHNOLOGIES**

 **1st** March, 2024

 The Park, Kolkata

BCC&I Health Tech Summit, over the years, brings together stakeholders from technology and healthcare industries along with related players like government, insurance, academia, paramedics, pharmaceuticals, medical equipment amongst others. This year, the theme embraces biotechnology as the breakthroughs in the sector are crucial in healthcare for revolutionizing treatments and enhancing patient outcomes.

The last decade has seen technological disruption in healthcare exponentially increase. Disruption is happening everywhere in healthcare – from AI to mHealth to 3D printing and robotics. Every year, more disruptive innovations continually evaluate and optimize both clinical and business practices and thus create new experiences to optimize workflows, improve patient care to effectively meet consumer needs.

The **7th edition** will bring together stakeholders of Biotechnology, Healthcare, Technology and of other relevant players together to share case studies, discuss, network and collaborate on disruptive innovations in healthcare which may help to improve research, diagnosis, patient care and making the delivery cost effective and accessible.

Doctors, healthcare professionals and administrators, researchers, academicians, technocrats, consultants, from across the geographies will join with objective of achieving the roadmap to create an ecosystem of universal healthcare aided by technology.

The 7th Health Tech Summit will feature:

Government Perspectives for universal healthcare aided by technology

Gen AI – Research to Wellness

Innovations in Health and Bio Technologies – inculcating the spirit

Health Care Startups in disruptive innovations

Enabling Investments in Health and Bio Technologies

Changing Paradigm in Geriatric care

The Summit will create platform for:

Seminar

B2B Meetings

Exhibition
