**PRESIDENT**

*Dear Member,*

28<sup>th</sup> June, 2023

In 2023, India's Gross Domestic Product (GDP) has reached \$3.75 trillion, from around \$2 trillion in 2014; moving from 10th largest to 5th largest economy in the world and earning us the reputation of being a 'bright spot' in the global economy. As a result, there is a possibility that sovereign credit rating agencies might further upgrade India's outlook. The high ratio of general government debt to GDP, currently at 84 percent, has raised concerns. However, it's important to note that the majority of this debt is domestic, and the country has ample foreign exchange reserves, minimizing external vulnerabilities. Furthermore, India has achieved success in meeting its fiscal deficit targets recently, which suggests confidence in future goals.

Turning to other positive economic indicators, the Index of Industrial Production (IIP) saw a rise in absolute terms, reaching 140.2 in April compared to 134.5 in the same period last year. In addition, consumer price inflation eased to a 25-month low of 4.25% in May, with a further slowdown in the rise of food prices, bringing it closer to the Reserve Bank of India's medium-term target of 4%.

In the recent month, your Chamber successfully organized and documented some noteworthy calendar events, which are extensively covered in this edition of the Newsletter. The Chamber designed and implemented various programmes, including the Nursing Workshop, Circular Economy Workshop, Export Assistance Workshop, and the prestigious Uttar Banga Ratna event held in Siliguri.

We continue to remain connected with our stakeholders to comprehend their needs and provide support, aiming to enhance the benefits they receive from their affiliation with our historic institution.

With Best Wishes!

Sd/-  
**Subir Chakraborty**  
President

### FINANCIAL AWARENESS CONCLAVE - MSME FINANCE : THE FACILITATORS

26<sup>th</sup> May 2023,  
The Bengal Chamber premises

MSMEs often find it hard to expand their business and opportunities due to limited connections, limited resources, lack of affordable working capital and tools to improve operation for want of information which is reliable, affordable and easily available at the time of need. In this background, The Bengal Chamber of Commerce and Industry organised “Financial Awareness Conclave: MSME Finance-The Facilitators” on Friday 26<sup>th</sup> May, 2023 at Bengal Chamber premises.

The Conclave on one hand enhanced the financial awareness of MSME, entrepreneurs, startups and on the other hand introduced all to the nuances of managing finance. The Conclave brought together Banks, Fintechs, Insurance companies and Capital Market to handhold the MSME. The Conclave also focused on the procedures in which these various services and also the various MSME schemes of the Central and State governments could be availed to solve capital problem.

The Opening Session was addressed by Mr. Suresh Kozhikote, Managing Director & Chief Executive Officer, SBICAP Ventures Limited, Mr. G. Ram Mohan Rao, CGM & Regional Director, SEBI and Mr. Prakash Sankaran, MD & CEO, Invoicemart.

The other eminent speakers were Mr. Ajit Terdalkar, Head-Sales, Biz2Credit, Ms. Anuradha Manna, Secretary (Pension & Group Schemes Mktg.), Eastern Zone, LIC of India, Ms. Arti Bhushan Mulik, Head, Underwriting & Product Development, Universal Sampo General Insurance Co. Ltd., Mr. Bharat Jindal, Zonal Credit Manager, Utkarsh Small Finance Bank Limited, Mr. Bijay Kumar Patel, AVP-East, MCX India, Mr. Jitendra Singh, Vice President, ICICI Lombard General Insurance Co. Ltd., Mr. Mithilesh Kr. Jha, Regional Head-East, Business Development, Invoicemart, Mr. Prasenjit Chowdhury, Deputy General Manager, Eastern Zonal Office, SIDBI, Mr. Sitanshu Shekhar Mohanty, Deputy General Manager and Circle Credit Officer, State Bank of India, Mr. Subir Talukdar, Deputy General Manager, The New India Assurance Co. Ltd.

### AIDING EXPORT WORKSHOP

27<sup>th</sup> May 2023,  
The Bengal Chamber premises

Indian goods and services exports have crossed the USD 750 bn-mark for the first time amidst high inflation all around, high interest rates and headwinds buffeting the global economy – a sign of the robustness and resilience of the Indian economy. To further give a fillip to the sector, India recently announced its new Foreign Trade Policy (FTP) 2023 which emphasizes export promotion and development, moving away from an incentive regime to a regime which is facilitating, based on technology interface and principles of collaboration. FTP sets a target of USD 2 trillion-mark for Indian export by 2030.

Being the oldest Chamber of Commerce of the country, The Bengal Chamber took the initiative of disseminating information and knowledge amongst its stakeholders by organizing the 'Aiding Export Workshop' in partnership with Engineering Export Promotion Council (EEPC). To achieve this ambitious target, there is a need to encourage domestic large manufacturers and MSMEs to export and find new markets abroad. The workshop sought to help both new and existing exporters to do the following :

- Identifying Market
- Forex Hedging
- Insurance and Credit Risk Management
- Testing, Certification and other Compliances.

Mr. Sanjay Behera, Chairperson, Manufacturing and MSME Committee of The Bengal Chamber; Chief Sales Manager; Tata Steel Limited in his address gave a synopsis of the current export scenario and how India is well-poised to take advantage of the export opportunities.

The Chief Guest Shri Rajesh Pandey, IAS, Principal Secretary, Department of MSME and Textiles, Government of West Bengal addressed the participants and apprised them about the opportunities for export in the Textile, IT, Pharma sectors amongst others and how the country can achieve the target of USD 2 trillion of exports by 2030.

One of the highlights of the workshop was the session by Dr. Jagat Shah, an international trainer who joined online from Canada. In his very practical presentation starting he elucidated the point that any product can be exported and also went on to show the participants the way to search on the internet for available export commodities, clients and countries.

Major export related institutions that took part in the programme including EEPC, Directorate General of Foreign Trade (DGFT), MPEDA, Exim Bank, Export Credit Guarantee Corporation of India (ECGC Limited), Syama Prasad Mookerjee Port, Canadian Standards Association (CSA), Vedaantic Organic Research Foundation.

### WORKSHOP ON CIRCULAR ECONOMY- PRINCIPLES, PROCESSES, CHALLENGES AND CASE STUDIES

2<sup>nd</sup> June 2023  
The Bengal Chamber premises

Circular economy is a model of production and consumption, which involves sharing, leasing, reusing, repairing, refurbishing, and recycling existing materials and products and avoid disposal if possible. Considered as one of the pillars for decarbonization, circular economic principles can be applied to trash that we generate in our daily lives. The shift to a circular economy requires a systems approach to analyze the life cycle of the waste stream, identify the points where interception methods are optimal (particularly for resource constrained communities) and prepare potential new business development opportunities that ultimately reduce and remove trash from going into our landfills, waterways, and oceans.

The concepts of circular economy have been relatively well established over the past decade; however, specific challenges exist in its implementation. This workshop focussed on two primary aspects: waste collection as a labour- intensive process from non-point and point sources that require adequate planning for frequency of collection; and waste processing technologies that create a sustained source of revenue to maintain any new infrastructure installation. Techno economic feasibility of materials circularity and new business development opportunities need to be evaluated in tandem to provide an informed decision-making framework for lowcapacity communities. The discussions were focussed on addressing these challenges through innovations in human-technology frontier for installation and monitoring of waste through interception technology, integrated data analytics and visualization, and integrated process systems analysis to evaluate sustainability of new infrastructure investments.

**Being a responsible Chamber of Commerce, our aim is to provide value added services to our members and stakeholders to up skill their knowledge about Circular Economy where the target audience were the businesses who are engaged in waste management, including large industries and MSMEs, entrepreneurs, technology developers, start-ups, consultants, and non-profit organizations in the waste valorization sector. In this context, The Bengal Chamber of Commerce and Industry, and TEXAS A & M University, organized a full day Workshop on “Circular Economy-Principles, Processes, Challenges and Case Studies” on 2<sup>nd</sup> June 2023 in The Bengal Chamber premises.**

It was a 7 hours session, conducted by **Dr. Debalina Sengupta**, Coastal Resilience Program Director, Texas Sea Grant at Texas A&M University and **Ms. Vipasha Majithia**, Founder, VIA Energicals.

There was participation of 17 representatives from the organization like- CESC Limited, Exide Industries Limited, TATA Consultancy Services Limited, NTPC Limited, Shyam Sel & Power Ltd, Jamuria, Haldia Water Services Private Limited, TATA Steel Limited, Indorama India Private Limited, Kheti Samajh, Eelab Agro Private Limited, Greenlife IQ ponics and Autonome Technology Solutions.

**2<sup>ND</sup> EDITION OF PEDAL THROUGH HERITAGE**

The Bengal Chamber of Commerce and Industry organized the "2<sup>nd</sup> Edition of BCC&I Pedal through Heritage", a unique Heritage Cycling Tour supported by the Department of Environment, Government of West Bengal, East Kolkata Wetlands Management Authority and New Town Kolkata Development Authority on Saturday, 3<sup>rd</sup> June 2023 from 6 a.m. onwards on the twin occasions of World Bicycle Day (June 3<sup>rd</sup>) and World Environment Day (June 5<sup>th</sup>). Through this initiative, The Chamber wanted to build awareness on the ecological sustainability of the wetlands around the Newtown area. These wetlands play an important role in maintaining the ecological balance essential for the sustenance of biodiversity. Through this cycling tour, the objective was also to promote the issues of air pollution and how bicycles are considered efficient to mitigate the challenges caused by the same.

commemorating the World Environment Day as well as the World Bicycle Day today. A sustainable transportation system that includes and celebrates cycling, is necessary today in order to reduce the environmental impact caused by carbon and other emissions is necessary to preserve the environment as well. Physical well-being of the health of the individual as well as the environment can be looked after simultaneously by the cycling initiative."

The Heritage tour started with a flag-off ceremony from New Town Business Club, via Chacker Bherry the tour took a U-turn and headed back to New Town Business Club. The tour was flagged off by Shri Debashis Sen, Chairman, New Town Kolkata Development Authority, Shri Kaliyamurthi Balamurugan, IFS, Chief Environment Officer, Department of Environment, Government of West Bengal, Col. Indrajit Roy, General Manager, New Town Business Club along with Mr. GM Kapur, Chairperson of the Heritage Committee, BCC&I and State Convenor of INTACH. Total around 60 participants representing Government, Corporates and academia joined the tour.

The second edition of the Heritage Cycling Tour was presented by Department of Environment, Government of West Bengal supported by East Kolkata Wetlands Management Authority (EKWMA) and New Town Kolkata Development Authority (NKDA); and Partnered by Motovolt India Pvt Ltd, A Tosh & Sons (India) Ltd, Swach Environment Pvt Ltd, A.L. Logistics Pvt Ltd, San Global Scientific OPC Pvt. Ltd, Chowman Hospitality Ltd, AMRI Hospitals, Jute Story- Rakshak Foundation, Hermes Voyages Pvt Limited. **B2B MEETINGS WITH THE BUSINESS DELEGATION FROM TAIWAN**

A multisectoral Business Delegation from Taiwan, visited Kolkata, with the objective to meet Indian counterparts, in person, to explore business opportunities between Taiwan and India.

The Bengal Chamber of Commerce and Industry (BCC&I) shares deep connect with Taipei World Trade Centre, Kolkata (TAITRA). In this context, on 8<sup>th</sup> June 2023, at Taj Bengal Kolkata, TAITRA, in association with BCC&I, organized dedicated B2B Meetings with Taiwanese Suppliers from various Industries- steel coils and sheets, 3D printing and food machinery, screw and fastener manufacturers, tinsel wire, speaker wire manufacturers, shoe glue and industrial adhesive, E-sports games, consumer electronics and mobile phone accessories to name a few.

The main objective of the B2B meetings was to develop bilateral trade relations between India and Taiwan and widen

the connection between the two countries, both economically and culturally. The Taiwanese companies which took part in the delegation were: BTP Co; Maeden Innovation Co. Ltd; MCXAS Multek Corp; Nan Pao Resins Chemical Co. Ltd.; Top Green Fastener- Tech Corporation and Yu Tong Steel Co. Ltd.

Through some intense primary and secondary market surveys, BCC&I was able to connect with more than 50 Indian units located in Kolkata. By informing them about the event and helping them realize how fruitful the meetings could be for them, BCC&I was able to organize a total of 31 one-to-one B2B meetings on 8<sup>th</sup> June 2023.

BCC&I also facilitated a factory visit for Taiwanese Delegation to Exide Shamnagar on 9<sup>th</sup> June 2023. From the Chamber Secretariat, Mr. Sambit Dasgupta, Assistant Director accompanied the Delegation.
