Dr. Swapan Saren
Director of Health Services
Government of West Bengal

Dr. Swapan Saren is a distinguished public health leader and administrator with an extensive career dedicated to the healthcare infrastructure of West Bengal. He joined the West Bengal Health Service in 1995 after gaining initial clinical experience as a Medical Officer at the Holy Cross Mission Hospital in Giridih. Over the next several decades, he assumed escalating leadership roles across the state, including serving as a Block Medical Officer of Health in the Bankura District for 10 years, and as an Assistant Chief Medical Officer of Health in Kurseong, Darjeeling for 4 years. His regional administrative expertise was further established during his tenure as Superintendent and subsequently as the Chief Medical Officer of Health (CMOH) for the Jhargram District, spanning two years in each position. At the state level, Dr. Saren has driven critical public health policies and programs within the Department of Health & Family Welfare, Government of West Bengal. He served as the Deputy Director of Health Service for 7 years and as the Joint Director for 2 years, ultimately ascending to the apex position of Director of Health Service. His exemplary contributions to healthcare administration and blood banking logistics were highly recognized when he was honored with the prestigious ABP Ananda Swasthya Samman during his leadership as the Director of IBTM & IH (Central Blood Bank, Maniktala, Kolkata).

4th Edition of **NURSING CONCLAVE 2026**

Theme: From Assessment to Healing:
Nursing Leadership in Wound Care

12th June 2026

The Park, Kolkata

Ms. Sarmistha Roy
Senior Ward In charge and
ET Nurse, Tata Medical Centre

Sarmistha Roy is a highly dedicated healthcare professional with 13 years of specialized nursing experience at the prestigious Tata Medical Center in Kolkata. She holds dual expertise as a Senior Ward In-charge and a certified Entero-stomal Therapist (ET Nurse).

In her current role, Ms. Roy manages a demanding clinical workload, providing specialized care and expert advice to approximately 70 inpatients and 200 outpatients every month. Her core responsibilities revolve around advanced wound, stoma, and pressure ulcer management, where she serves as a critical bridge of communication between patients, their families, and multidisciplinary healthcare teams. Furthermore, she leverages her expertise to oversee clinical logistics, which includes coordinating and selecting specialized, non-standard wound and ostomy care supplies to optimize patient outcomes.

Beyond direct clinical care, Ms. Roy is heavily invested in nursing education, quality improvement, and community support. She regularly conducts clinical induction, skill training, and Continuous Nursing Education (CNE) workshops for both new-comers and existing hospital staff. An active contributor to her field, she has organized multiple academic conferences and interactive "Ostomate Meet" support programs. Her professional authority is widely recognized, having attended and participated as a featured speaker in more than 20 national conferences.
